**2013 WOA
Board Certification
Review Course**

May 3-4, 2013

Chula Vista Resort
Wisconsin Dells, WI

Who:	Wisconsin Optometrists
What:	2012 WOA May Education Event and Board Certification Review Course
When:	May 3-4, 2013
Where:	Chula Vista Resort, Wisconsin Dells, WI

The Wisconsin Optometric Association education committee is pleased to announce a May education event which is a Board Certification Review Course. This event will feature 18 hours of COPE and WI OEB approved education. If you are planning on taking the board certification exam in July 2013 or January 2014, this course is a great way to brush up on the basics. In addition to the 18 hours of classroom education, with your registration fee, you will receive a 300 page textbook based on the ABO exam content outline and 12 months of access to the KMK Educational Services Board Certification Review Website, which includes resources like 17 additional online courses, flashcards, study guides, graded quizzes and mobile apps for the on-the-go clinician.

If you are not planning on seeking board certification, this course will provide you with 18 hours of COPE and Wisconsin approved education that can help you brush up on the clinical knowledge you may have forgotten since graduation, in addition to having access to all the online resources.

KMK Board Certification Services was founded in 2010 as an affiliate of KMK Educational Services, which provides board exam review services to thousands of optometry students in the United States and Canada. They strive to maintain a modern, clinically-focused review curriculum without sacrificing scientific accuracy. The instructors believe there is a huge difference between relaying information and actually teaching it, and they are passionate about doing the latter. They are established experts in standardized test preparations, having served over 6,500 optometry students in preparing for the NBEO exams. Last year, over 85% of 3rd year optometry students nationwide took a KMK board exam review course.

All lecture sessions cover essential concepts following the American Board of Optometry (ABO) detailed exam content outline. A textbook will be mailed to you with your course purchase, and we ask that you bring it to the lectures. Interactive feedback via electronic audience polling encourages attendee participation.

Speakers:

- ◆ Kyle Cheatham, O.D., Heartland Eye Consultants, Omaha, NE
- ◆ Ryan Fenska, O.D., Assistant Clinical Professor for NSU Oklahoma College of Optometry
- ◆ Sarah Wood, O.D., FAAO, The Dorchester House, Dorchester, MA

CE Approval Information:

- ◆ 18 hours of COPE and Wisconsin Optometry Examining Board approved education:

4 hours anterior segment (AS)	2 hours neuro (NO)
3 hours posterior segment (PS)	2 hours glaucoma (GL)
2 hours contact lenses (CL)	1 hour low vision (LV)
2 hours functional vision/pediatrics (FV)	1 hour general optometry (GO)
1 hour peri-operative management of ophthalmic surgery (PO)	
- ◆ All 18 COPE approved hours will be accepted in Michigan, Minnesota, Indiana and Ohio

Registration Information:

To register for this event, please complete the registration form included with this packet and return it to the WOA office along with a check or your credit card information. You can also register for this event online through the WOA website at www.woa-eyes.org.

Hotel Information:

There is a room block set aside at the Chula Vista Resort with a rate of \$105 per night. Call the hotel directly at 1-855-434-3069 and provide the following room block number: C00354. The room block will be released April 3, 2013, and group rates are not guaranteed after that date. You must be a registered attendee of this event in order to reserve a room in the block.

Friday, May 3

7:30 a.m. - 8:00 a.m.

Registration & Continental Breakfast

8:00 a.m. - 9:50 a.m.

“Anterior Segment - Part 1”

Kyle Cheatham, O.D., FAAO

COPE#: 30278-AS (Pending)

This course will present an overview of assessment, differentials, treatment and management options for anterior segment pathology. Information provided in this course will be a clinically practical guide that focuses on content for board certification exams.

9:50 a.m. - 10:00 a.m.

BREAK

10:00 a.m. - 12:00 p.m.

“Contact Lenses”

Ryan Fenska, O.D.

COPE#: (Pending)

An overview of understanding big-picture concepts in contact lenses allows for a practical understanding of treatment approaches. Information provided in this course will be a clinically practical guide that focuses on content for the American Board of Optometry exam.

12:00 p.m. - 1:00 p.m.

Lunch

1:00 p.m. - 1:50 p.m.

“Anterior Segment - Part 2”

Kyle Cheatham, O.D., FAAO

COPE#: 30278-AS (Pending)

This course will present an overview of assessment, differentials, treatment and management options for anterior segment pathology. Information provided in this course will be a clinically practical guide that focuses on content for board certification exams.

1:50 p.m. - 2:00 p.m.

Break

2:00 p.m. - 3:45 p.m.

“Review of Pediatrics, Binocular Vision and Vision Therapy for the Optometrist”

Ryan Fenska, O.D.

COPE#: 36454-FV (Pending)

An overview of understanding big-picture concepts in pediatrics, binocular vision and vision therapy allows for a practical understanding of treatment approaches. Information provided in this course will be a clinically practical guide that focuses on content for the American Board of Optometry exam.

3:45 p.m. - 4:00 p.m.

BREAK

4:00 p.m. - 5:00 p.m.

“Review of Vision Rehabilitation and Low Vision for the Optometrist”

Sarah Wood, O.D., MS, FAAO

COPE#: 30279-LV (Pending)

This course will be a basic review of low vision exam techniques, including low vision devices available.

5:00 p.m. - 6:00 p.m.

“Neuro-Ophthalmic Disorders”

Ryan Fenska, O.D.

COPE#: (Pending)

An overview of understanding big-picture concepts in eye movement allows for a practical understanding of treatment approaches. Information provided in this course will be a clinically practical guide that focuses on content for the American Board of Optometry exam.

Saturday, May 4

7:30 a.m. - 8:00 a.m.

Continental Breakfast

8:00 a.m. - 9:00 a.m.

“Interactive Anterior Segment Review”

Kyle Cheatham, O.D., FAAO

COPE#: 30645-AS (Pending)

This course will provide an interactive review for concepts related to the anterior segment, including episclera/sclera/uvea, lacrimal system, ocular adnexa/lids/lashes, orbit, cornea, conjunctiva, and trauma.

9:00 a.m. - 9:50 a.m.

“Ametropia and Ophthalmic Optics”

Ryan Fenska, O.D.

COPE#: (Pending)

An overview of understanding big-picture concepts in ophthalmic optics and ametropia allows for a practical understanding of treatment approaches. Information provided in this course will be a clinically practical guide that focuses on content for the American Board of Optometry exam.

9:50 a.m. - 10:00 a.m.

BREAK

10:00 a.m. - 12:00 p.m.

“Posterior Segment - Part 1”

Kyle Cheatham, O.D., FAAO

COPE#: 30277-PS (Pending)

This course will present an overview of assessment, differentials, treatment and management

Saturday, May 4 cont.

options for posterior segment pathology. Information provided in this course will be a clinically practical guide that focuses on content for board certification exams.

12:00 p.m. - 1:00 p.m.

Lunch

1:00 p.m. - 2:50 p.m.

“ABO Glaucoma Review”

Sarah Wood, O.D., MS, FAAO

COPE#: 35640-GL (Pending)

This course will review the diagnosis, treatment and management of glaucoma for the practitioner. It will be geared towards the ABO board certification outline covering this topic.

“ABO Review of Optic Neuropathies”

Sarah Wood, O.D., MS, FAAO

COPE#: 35639-NO (Pending)

This course will review the most common optic neuropathies excluding glaucoma. It will cover the assessment, diagnosis, treatment and management.

2:50 p.m. - 3:00 p.m.

BREAK

3:00 p.m. - 4:00 p.m.

“Posterior Segment - Part 2”

Kyle Cheatham, O.D., FAAO

COPE#: 30277-PS (Pending)

This course will present an overview of assessment, differentials, treatment and management options for posterior segment pathology. Information provided in this course will be a clinically practical guide that focuses on content for board certification exams.

4:00 p.m. - 4:50 p.m.

“Pre and Post-Operative Care for the Optometrist”

Sarah Wood, O.D., MS, FAAO

COPE#: 30274-PO (Pending)

This course will cover pre and post operative care for cataract and refractive surgery relevant for optometrists.

5:00 p.m. - 6:00 p.m.

“Interactive Neuro & Glaucoma Review”

Sarah Wood, O.D., MS, FAAO

COPE#: 31426-GL (Pending)

This course will provide an interactive review for concepts related to glaucoma for the optometrist. Recent research in the psychological literature suggests that interactive assessments (e.g. written and/or oral exams) markedly improve the long-term learning process. In this spirit, the course will combine multiple-choice questions with an electronic audience polling system and allow participants to think through practical example problems. The course will provide detailed explanations that link specific examples with general principals, and the audience polling system will provide the participant immediate feedback. Information provided in this course will be a clinically practical guide that focuses on content for the American Board of Optometry exam.

SPEAKERS

Kyle Cheatham, O.D., F.A.A.O.

Kyle Cheatham, O.D., F.A.A.O., Diplomate-ABO, graduated from Centre College (KY) with a B.S. in Biology and completed optometry school at Indiana University School of Optometry before accepting a prestigious residency at the Kansas City VA Hospital. Dr. Cheatham practices

at [Heartland Eye Consultants](#), a secondary eyecare center in Omaha, Nebraska, where he specializes in ocular disease and low vision. He serves as an adjunct faculty member of six schools and colleges of optometry, teaching optometric interns at Heartland Eye Consultants. Dr. Cheatham also provides consultative care within the ophthalmology department at Creighton University Medical Center. In August 2011, Dr. Cheatham became a Diplomate of the American Board of Optometry.

Sarah Dougherty Wood, O.D., MS, F.A.A.O.

Sarah Dougherty Wood, O.D., MS, F.A.A.O., Diplomate-ABO, graduated Magna Cum Laude from the University of Evansville with a B.S. in Biology and Chemistry and graduated with honors from the IU School of Optometry. She completed a residency at the Kansas City VA Hospital, where she also served as

director of the low vision program, VICTORS, for 3 years. Sarah completed a two year research fellowship at the Boston VAMC in 2009 and received a Master's degree in Vision Science from The New England College of Optometry in 2010. She currently practices at [The Dorchester House](#) while also serving as adjunct faculty at [NECO](#). She is a member of the Optometric Glaucoma Society (OGS), and her research has been featured in *The Journal of Glaucoma*. In August 2011, Dr. Wood became a Diplomate of the American Board of Optometry.

Ryan Fenska, O.D.

Ryan Fenska, O.D., graduated from Northeastern State University with a B.S. in Chemistry and completed optometry school at Northeastern State University (NSU) Oklahoma College of Optometry. Dr. Fenska currently serves as Assistant Clinical Professor for NSU Oklahoma College of

Optometry, working directly with 3rd and 4th year optometry students. Dr. Fenska and his wife, Kristen, are blessed with 3 children; Kate, Landon, and Jackson.

Registration Form 2013 WOA Board Certification Review Course

Registration Deadline: April 3, 2013
